Volumizing Lip Remedy

Ref.	4400
Description	Lip balm with volume effect
Retail size	Metal sleeve with 5g product
Product galenics aroma	Colorless lip balm with spearmint

DESCRIPTION

Volumizing Lip Remedy is an intensively smoothing lip care stick with volume effect for seductive, full lips. The premium formula combines the innovative peptide complex Volulip® with exquisite oils and moisturizing hyaluronic acid. It provides silky soft lips instantly and protects the sensitive lip skin from drying out for a long time. With regular use, the lips appear fuller and more voluminous from day to day.

Purpose and function:

- improves lip volume
- smoothes fine lines
- hydrates the lips
- makes the lips appear younger and better defined
- slight refreshing cooling effect

Main active ingredients:

Volulip®: Innovative active ingredient complex consisting of *Portulaca Pilosa* (a flowering plant found in North and South America and Asia) and a highly effective peptide (Palmitoyl Tripeptide-38). The complex stimulates the synthesis of hyaluronic acid and collagen and visibly improves lip volume. Studies with Volulip® show that lip volume increases by +82% within 4 weeks.

Hyaluronic acid: Provides intensive moisture and an immediate fill-in effect.

Shea Butter: High-quality lipid from the nuts of the shea nut tree (*Butyrospermum Parkii*), protects the lips from dehydration, is smoothes and gives suppleness.

Coconut oil: Exotic oil from the fruits of the coconut palm (*Cocos nucifera*), absorbs quickly and cares especially for dry and sensitive skin.

Spearmint Oil: Gives a fresh aroma and creates a light, cooling effect.

APPLICATION:

Use at least 3 times daily to achieve the best effect. If used as a foundation for lipstick, allow to take effect for a few minutes before applying lipstick.
