Total Regeneration Night CREAM Rich

**SHORT DESCRIPTION**

Rich cream for the night containing anti-aging ingredients

SKIN TYPE

Stressed, dry skin

PRODUCT GALENICS

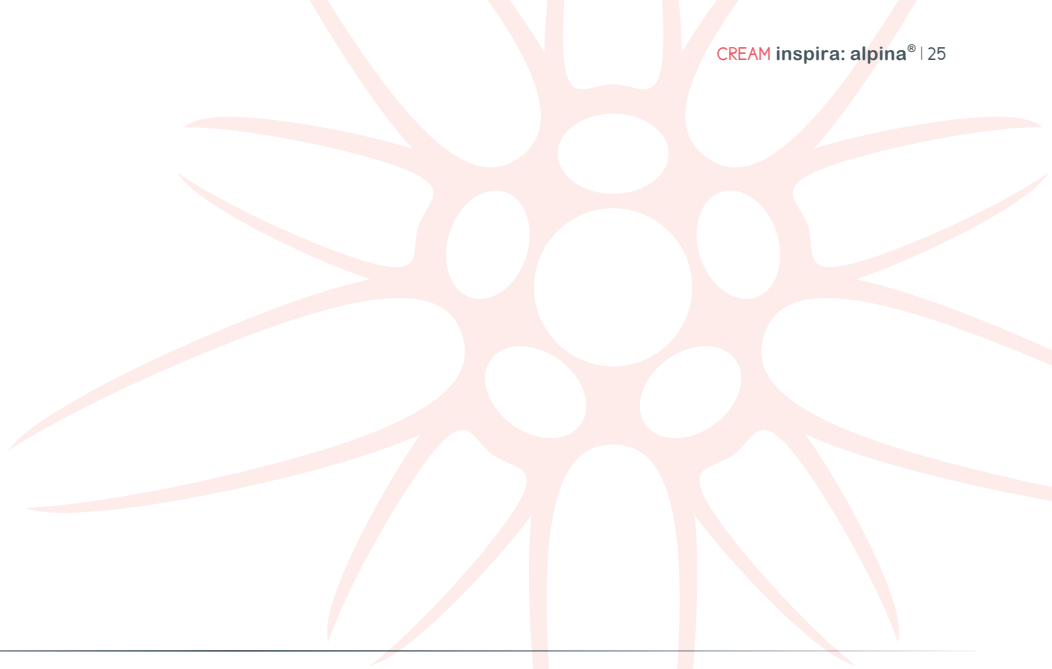

Rich, soft pink in colour, creamy texture

PRODUCT DESCRIPTION

Total Regeneration Night CREAM Rich is a rich cream for use at night, enriched with a high proportion of Shea Butter, which helps restore the skin's original beauty and healthy appearance. Alpine Edelweiss extract strengthens the barrier function of the skin. It receives moisture and valuable lipids. Lines and wrinkles are smoothed and contours are redefined.

**EFFECTS AND
CHARACTERISTICS**

- Rich texture for night time use
- Long-lasting moisturising of the skin (long-term effect lasting 72 hours)
- Strengthening of the barrier function of the skin
- Reduces the transepidermal water loss
- Soothing and anti-inflammatory effect
- Anti-oxidative
- Forms a water-binding film on the surface of the skin
- Pads out lines and wrinkles
- Protects the skin from excess free radicals
- Inhibits the enzymes which participate in the skin aging process
- Smoothes and lifts the skin
- Reduces the depth and volume of wrinkles
- 100% vegan
- free of preservatives (as defined by the cosmetics directory)

SPECIAL INGREDIENTS

- **PENTAVITIN™***: skin identical carbohydrate complex for long-lasting moisturising of the skin. 72 hours long-lasting effect thanks to the permanent junction to the keratinocytes of the Stratum corneum. This strengthens the barrier function which reduces transepidermal water loss.
- **Allantoin**: has calming and anti-inflammatory properties to soothe the skin
- **Shea Butter**: moisturises the skin and makes it soft and supple.
- **Vitamin E Acetate**: is converted within the skin to free Vitamin E and has an anti-oxidative effect.
- **Alpha Bisabolol**: the calming and anti-inflammatory properties counteract redness.
- **Short-chain Hyaluronic acid**: Short-chain Hyaluronic acid is able to penetrate the upper layers of the Stratum corneum and bind water there. The result is a higher water content in the skin and transepidermal water loss is reduced. The skin is padded from the inside out.
- **Long-chain Hyaluronic acid**: Long-chain Hyaluronic acid is not able to penetrate the skin, but it forms a water-binding film on the surface and thus protects the skin from drying out. Fine lines and wrinkles are smoothed (line filler effect).
- **Edelweiss extract**: the Alpine Edelweiss extract has a high anti-oxidative capacity and acts as a very good radical interceptor and protects the skin from damages caused by an excess of free radicals. In addition, the extract also has a calming effect. Further, Edelweiss also inhibits enzymes (e.g. hyaluronidases and 5-lipoxygenases which contribute to skin aging.)
- **Matrixyl 3000**: highly effective peptide combination that encourages the synthesis of 5 key components of the skin matrix of the dermoepidermal junction zone. The skin is smoothed and lifted. Unpopular wrinkles are counteracted considerably. The average main wrinkle depth is reduced after two months by approximately 20%. The main wrinkle volume is reduced by about 23%.

USE IN THE CABINE | AT HOME

Every day, in the evening after cleansing, apply evenly to the face, neck and décolleté and gently massage in. Avoid the eye area.

NOTE | TIP

For an even more effective result, use the **Anti Wrinkle / Anti Dryness SERUM** under your night time care.
