PRODUCT DESCRIPTION

Lifting / Anti Fatigue AMPOULES contain a specially developed fluid with Guarana extract and the lifting ingredient Instensyl® for tired, stressed and mature skin that needs a kick of freshness going into the evening after a long day, or a fresh, smooth appearance to kick off the morning.

EFFECTS AND CHARACTERISTICS

- Long-lasting moisturising of the skin
- Formation of net-like lifting film on the surface of the skin
- Protects the skin from dryness
- Pads out lines and wrinkles
- Reduces the transepidermal water loss
- Immediate and long-lasting firming of the skin
- Promotion of blood circulation
- Signs of fatigue are reduced
- 100% vegan
- free of preservatives (as defined by the cosmetics directory)

SPECIAL INGREDIENTS

- **Long-chain Hyaluronic acid:** Long-chain Hyaluronic acid is not able to penetrate the skin, but it forms a water-binding film on the surface and thus protects the skin from drying out. Fine lines and wrinkles are padded out (line filler effect).
- **Short-chain Hyaluronic acid:** Short-chain Hyaluronic acid is able to penetrate the upper layers of the Stratum corneum and bind water there. The result is a higher water content in the skin and transepidermal water loss is reduced. The skin is supplied with long-lasting moisture and padded from the inside out.
- **Instensyl®:** Three-dimensional biopolymer on a sugar basis, won from the root of the Cassava plant. Thanks to the immediate and long-lasting bond with the surface of the skin, this ingredient results in a rapid firming of the skin which can still be felt even hours after application. Users confirm the perceptible effect.
- **Phytocell Guarana®:** Guarana seeds have a very high Caffeine content. Caffeine promotes blood circulation and has a revitalising and refreshing effect. Signs of skin fatigue are reduced.

USE IN THE CABINE | AT HOME

Carefully break open the ampoule in a tissue and distribute the content to the cleansed skin of face, neck and décolleté and gently massage in.

NOTE | TIP

Can be used as a one-off treatment or as week-long course of treatment.
