Aqua Hydro Gel Cream

Ref	2100/P
short description	A fresh wave of intensive moisture for your skin
Size	50ml/100ml

DESCRIPTION

A fresh wave of intensive moisture for your skin. Contains algae extract for in depth hydration and the stimulation of hyaluronic acid production. Long and short chain hyaluronic acid plump up the skin, smoothe wrinkles and intensively hydrate. Pentavitin® as the long time moisturizer with 72h long lasting effect gives sustainable relief from dryness caused by long sun bathes. Caffeine makes a fresh complexion and a natural 3D lifting polymer intensively lifts the skin.

APPLICATON

Apply to cleansed facial skin and massage in gently.
