Blue Intensive Moisture Mask

| | |
|-------------------|--|
| Ref | 2200/P |
| Short description | A fresh shot of moisture from the sea. |
| Size | 50ml/100ml |

DESCRIPTION

A fresh infusion of moisture from the sea. Contains algae extract for in depth hydration and the stimulation of hyaluronic acid production. Long and short chain hyaluronic acid plump up the skin, smoothe wrinkles and intensively hydrate. Especially the massage with the cooling and refreshing massage tools makes the mask a very comfortable treatment replenishing the moisture depots of the skin and leaving a relaxed comfortable feeling after intensive sun baths.

HOME APPLICATION

Apply generously to cleansed facial skin and leave on for 10-15 minutes. Wash off the rest or massage into the skin.

APPLICATION IN THE CABIN

Apply onto cleansed skin and use the Cooling Massage Tools in circular movements to give an invigorating, refreshing massage. Remove the rest with a cool compress or massage in gently.
