WONDER GLOW MASK is an immediately soothing and skin smoothing mask with a cream basis which can be used for all skin types. This luxurious mask is your perfect companion and makes you look amazing on festive occasions.

TARGET GROUP

Especially suited for tired, stressed and sensitive skin.

ACTIVE INGREDIENTS

- **Megassane®:** completely new high tech active ingredient on algae basis, which improves the radiance and glow of the skin by 200 %. Megassane® boosts the activity of the Proteasomes (cell waste management) and thus the removal of abnormal proteins. Defective proteins (free radicals) will be removed from the cell and the skin can radiate again.
- **PENTAVITIN®:** skin identical carbohydrate complex for long-lasting moisturising of the skin. 72 hours long-lasting effect thanks to the permanent junction to the Keratinocytes of the Stratum Corneum. This strengthens the barrier function which reduces transepidermal water loss.
- **Long chain Hyaluronic acid:** long-chain Hyaluronic acid is not able to penetrate the skin, but it forms a water-binding film on the surface and thus protects the skin from drying out. Fine lines and wrinkles are padded out (line filler effect).
