

## 9915/9915P Hydrating Complex

### MAIN ACCENT:

#### Hydrating Complex

Hydrating Complex is an active ingredient concentrate for deep moisturizing of the skin. Aloe leaf juice, sodium PCA and hyaluronic acid smooth the skin and replenish the moisture depots. Hamamelis extract and allantoin have an astringent and soothing effect.

To be able to achieve the best result, it is advisable to use the complex as a cure.

### WHO IS IT FOR?

Hydrating Complex is especially suitable for dry and dehydrated skin.

### ACTIVE INGREDIENTS:

- **Aloe Barbadosis Leaf Juice:** desert lily, powder obtained from the dried leaves, acts humectant, anti-inflammatory and softening.
- **Sodium PCA:** a salt, which is found in human skin and has the task to protect her from drying out. It has the function as a moisture regulator and ensures smoothness and elasticity.
- **Hamamelis Virginia [Witch Hazel] Water:** aqueous solution of the Virginian witch hazel, astringent, soothing, anti-inflammatory and antiseptic.
- **Allantoin:** primary end product of degradation of nucleic acid, which is used against skin irritation. It accelerates the cell structure the cell formation, cell regeneration and soothes the skin. It also supports the healing of wounds.
- **Sodium Hyaluronate:** Hyaluronic acid, skin's own substance, which is strong moisturizing and moisture retaining. Smoothed the skin and softened wrinkles.
